

Apremare 48

TECHNICAL SPECIFICATIONS

Shipyard	Apremare
Year	2006 - Imm. 2007
Design	Victory Design
Length	13.21m
Beam	4.7m
Draft	1.43m
Displacement	22.000kg
Flag	Italian
Visible at	Campania
Price	360.000€ - VAT Paid
SCADENZA CERTIFICATO SICUREZZA	2025

PRESENTATION

Single-hull vessel always followed and maintained by its owner. 3-cabin and 2-bathroom version, with the master cabin at the bow and the en-suite bathroom. Onboard comfort is ensured by hot/cold air conditioning with a compressor in the engine room and fan coils in each cabin, as well as the Mase generator. The distribution of outdoor spaces is iconic, with the harmony of the sofa and sun lounger at the bow and the spacious cockpit at the stern surrounded by the curved sofa. Well-equipped with its two Volvo Penta D9 575 engines, it is easy to handle thanks to the electronic throttles and bow propeller. The seaworthiness of this highly celebrated hull is proverbial, easily exceeding 30 knots and planing at around 15, with a cruising speed over 20. The vessel is in excellent condition and represents a genuine opportunity.

MOTORIZATION

Engine	2 x 2 x Volvo Penta D9-575 in diretta
Power	1150HP
Engine hours	1800
Transmission	Line of axis
Propeller	--

LAYOUT

Cabins	3
Berths	6 + 0
Bathrooms	2
Tender garage	No
