PRESENTATION

The Grand Soleil 45 "TIMETOGO" is a privately owned yacht and is in excellent condition. Note the splendid craftsmanship of the cherry mahogany interiors, which are exceptionally well-preserved. Comfort during cruising is ensured by two new electric toilets, Eberspaecher heating, a new mattress in the owner's cabin, and a holding tank in the headsail. The electronics, renewed in 2016, are very comprehensive, featuring new Raymarine plotters and radar. The deck equipment from Harken is also top-notch, including an electric winch on the cockpit and a rail on the mast. The oversized Sparcraft mast, Navtec hydraulic furling system, and renewed aramid mainsail and jib complete the excellent technical specifications of this vessel. The GS 45 JV is today widely considered an icon of sport cruising according to the classic principles of Cantiere del Pardo.

MOTORIZZAZIONE

Motore	Volvo Penta D2-55
Potenza	55HP
Ore lavoro	1500
Trasmissione	S drive
Elica	Flexofold 3 Retractable Blades

DISPOSIZIONE
