

Grand Soleil 46 LC

TECHNICAL SPECIFICATIONS

Shipyard	Cantiere del Pardo
Year	2018
Design	Marco Losuzzi Nauta
Length	13.99m
Beam	4.41m
Draft	2.3m
Displacement	12.800kg
Flag	French
Visible at	Toscana
Price	425.000€ - VAT Paid
Safety certificate expiry	Non applicabile

PRESENTATION

"Reset" has always been professionally maintained and constantly updated by its owners, who purchased it new in 2018. This vessel is in truly excellent condition and has only 550 engine hours. Its configuration exemplifies the two characteristics that define the LC line of Cantiere del Pardo: the combination of respectable sailing performance with a high level of comfort, storage volumes, and ease of use. The tall rig mast with rod rigging, the equally oversized winches (the primary ones are electric), the rails for the 106% jib and Technora taffeta sails guarantee excellent performance under sail. These performances are easily achievable even by a single person (thanks to the deck layout) and especially while enjoying complete shade in the cockpit (all external canvas has been replaced in 2025). Cruising combines large interior and exterior spaces with great autonomy thanks to three Solbian solar panels, a large water reserve (the optional third tank brings the water reserve to almost 900 liters) and two refrigerators and freezers. Water heating with outlets in all areas, an electric Tecma head, Fusion TV and stereo complete the onboard equipment. The Garmin onboard electronics are also very nice and complete. An excellent opportunity to acquire this appreciated model from Cantiere del Pardo. Lease takeover is possible.

MOTORIZATION

Engine	Volvo Penta D2-75F
Power	75 HP
Engine hours	550
Transmission	Sail Drive
Propeller	Flexofold 3-blade folding propeller

LAYOUT

Cabins	3
Berths	6 + 1
Bathrooms	2
Sail storage	Yes
Crew cabin	No

INTERIOR & COMFORT

- Interior and floorboards in oak
- Galley with white Corian countertop and separate sinks
- Seawater in galley with Whale foot pump and dedicated spout
- Techimpex galley with two burners and oven with hideaway cover
- Top-loading fridge-freezer with dual opening Isotherm
- Second stainless steel front-opening fridge with Isotherm CR85 freezer compartment
- Front-opening freezer
- Eberspacher Hydronic DCW water heating with vents in all areas
- 3 water tanks for 850 liters total
- Stainless steel fuel tank 300 liters
- Electric water heater with heat exchanger
- 2 electric bilge pumps
- Automatic bilge pump
- Tecma electric WC dual pump in forward head and manual Jabsco in aft head
- Shower stall in both heads
- 40 liter holding tank with gravity drain in both heads
- 32" Philips TV on main bulkhead in saloon
- TV antenna
- 4 Exide AGM 95 Ah service batteries + 1 AGM 70 Ah engine battery
- Victron Energy MultiPlus Compact 12/2000 80A charger/inverter
- Quick charger
- Victron Digital Multicontrol Panel
- Quick Battery Control RDS 1562
- 3 Solbian solar panels for 494W total on bimini and sprayhood with 2 Victron Energy voltage regulators
- Provision for additional solar panel on sprayhood
- Interior LED lights
- LED wall lighting in saloon and cabins
- Indirect LED lights under steps and saloon furniture
- USB outlets in saloon and cabins
- 220v outlets in all areas
- Oceanair blind on windows above main bulkhead
